### I. 2024 Events:

- A. Single Mom's Oil Change (April 20): unsure number of cars serviced
- B. Stages of Manhood (April 26 & 27): good event connecting men across multiple generations. Need to market better and consider a one day/night event. Multi-day event difficult for men to commit to.

  1. April 6: excavated and moved electrical from old pavilion to new.
  2. April 27: Demo: complete, need to finish electrical wiring.
- D. Tri-County Kingdom Outdoorsmen Archery League (August-September): Wednesday night bow league approximately 85 participants.
- E. Daughter Daddy Luau (August 23): approximately 75 attendees, need to review spending and budget for next year
- F. All-Meat 3.0 (September 28): event allowed each men's ministry leader a chance to highlight their group and introduce it to the men in the church. Approximately 40 attendees. Great fellowship, very few new people. May not be hitting its target or need to be revamped. Ministries Represented:
